OTHER PROFESSIONAL EXPERIENCES

2017 – 2019

Psychology team of deradicalization programs in Deradicalization Center, Sentul, Indonesia.

Description: Deradicalization Center is an exclusive prisoner for terrorism detainees that will be released in less than one year. My main responsibility here is to design deradicalization program, in particular psychology program, for the detainees every week. I also delivered some of the program by myself in a class, for about one to two times a month.

2017-NOW

Vice Deputy of Research and Education Perhimpunan Survey dan Opini Publik (PERSEPI: Survey and Public Opinion Association).

Description: PERSEPSI is a public opinion organization in Indonesia. My main responsibility is to arrange activities that aim to share basic knowledge on survey and public opinion to lay people.

2016- NOW

Co-Founder and Senior Researcher SANDS Analytics

Description: SANDS Analytics is a research consultant company which I found with my colleagues. My main responsibility is to manage the whole stages of research conducted by the company. It includes design questionnaire, supervising data collection, analyzing data, reporting, and presenting research findings to clients. Some of our clients were: Indonesia Police, People's Consultative Assembly (MPR), Department of Justice Bureau of Prisons, Bukalapak (e-commerce), Gandeng Tangan (crowdfunding start up), Governor candidates, Jakarta Smart City

2016

Project Leader Department of Psychology, University of Indonesia

Description: Department of Psychology was requested by Ministry of Human Empowerment and Culture to develop an index to measure National Character of Indonesia People. My main responsibilities was to lead scale construction and data collection process. The data was collected nationally from 25 cities in Indonesia.

2010 - 2011

Research Assistant, Crisis Center of Faculty of Psychology at University of Indonesia

Description: Crisis Center is an organization focuses on conducting research and providing community development programs for disaster survivors. My main responsibility was assisting principal investigator in preparing and conducting all research process.
